## Objective

With over 2 years of programming experience, I have worked on various projects, always valuing the exchange of ideas and learning through constructive feedback. I am communicative and believe collaboration is essential to achieving outstanding results.

---

## Summary

Hi, I'm Anderson, and I'm currently 24 years old. A little about me: my hobby is going to the gym and maintaining a healthy lifestyle. Thanks to this, I've become who I am today focused and determined to give my best every day. I'm a very communicative person. Professionally, I have over 2 years of programming experience and have worked on several projects. I enjoy giving and receiving constructive feedback.

---

## Technical Skills

- **Programming Languages:** JavaScript, TypeScript, SQL, Python, Java
  - **Frameworks and Libraries:** React, Next.js, React Native, Tailwind CSS, Styled-components
  - **Tools and Platforms:** Git, GitHub, Docker, Firebase, Vercel
  - **Methodologies:** Agile, Scrum
  - **Other Skills:** UX/UI Design, Unit Testing (Jest, Testing Library), RESTful API, GraphQL
- 

## Professional Experience

### Frontend Developer | Deepen

*January 2023 - Present*

- Developed and maintained a web application using React and LeafletJS for the integration and visualization of interactive maps, enhancing user experience in navigation and interaction with geospatial data.
- Created a cross-platform social networking app with React Native, implementing features such as news feed, instant messaging, and push notifications.

- Closely collaborated with the backend team to define and consume RESTful APIs, ensuring efficient and responsive integration between the frontend and backend services.
- Actively participated in sprint planning and review meetings, contributing to the continuous improvement of the team's agile processes.

### **Frontend Developer | RESLEEVE**

*April 2024 – May 2024*

- Collaborated on the development and implementation of secure authentication flows using Auth0, ensuring the protection and efficient management of user identities.
  - Used Next.js to build a modern and scalable web application. Worked on dynamic route configuration, performance optimization, and server-side rendering (SSR) implementation to enhance user experience.
  - Integrated Sentry for application error monitoring, as well as Amplitude and Segment for user action analysis, providing detailed and accurate insights into user behavior and continuously improving the application.
- 

## **Education**

### **Bachelor's Degree in Computer Science**

*Universidade do Vale do Itajaí (UNIVALI)*

*Currently Enrolled*

---

## **Certifications**

- **NLW Expert React Native Track | Rocketseat**  
*Year: 2024*
  - **NLW Expert React Track | Rocketseat**  
*Year: 2024*
- 

## **Soft Skills**

- **Communication:** Excellent verbal and written communication skills, facilitating effective collaboration with cross-functional teams.
  - **Problem Solving:** Proven ability to identify and solve complex problems efficiently and creatively.
  - **Teamwork:** Ability to work well in a team, promoting a collaborative and productive environment.
  - **Time Management:** Excellent organizational and time management skills, ensuring deadlines are met.
-

## Languages

- **Portuguese:** Native
- **English:** Intermediate
